

It's as easy as 1-2-3

Do you ever get fed up with silicone sealants that don't tool properly and give a poor quality finish? Is it frustrating to see mould growth on a recently installed job?

With illbruck's fantastic new GS123 sanitary grade silicone sealant, you don't have to worry about these problems! GS123 offers a high quality finish that stays just the way it was intended - fresh and long lasting.

- ✓ For all types of bathrooms and showers
- ✓ Can also be used in kitchens*
- ✓ Seals areas with high levels of moisture
- ✓ Superior mould resistance
- ✓ Fantastic finish
- ✓ Available in white and translucent

*For more details please see Technical Data Sheet

GS123

If you need a high-quality sanitary silicone with a longer lasting finish, then look no further than illbruck GS123 - the professionals' choice.
