Transparent

Protective Equipment

USE IN WELL VENTILATED CONDITIONS and ensure all recommended protective equipment is worn during handling & use of this product. For full recommendation, refer to safety data sheet.

Application

- Apply by using clean cloth part soaked with AT200.
- Flash-off time is approximately 1 minute.
- A trial test to ensure there is no leaching/migration is recommended. Examples of where this is necessary are PVC with a high plasticiser content, tar, bitumen and organic elastomers.
- Always refer to the sealant data sheet for full application instructions.

Note

Do not use on solvent-sensitive plastics or paints.

Storage

Store in dry shaded conditions between +5°C and +25°C.

Shelf Life

24 months when stored as recommended in original unopened packaging.

Health & Safety Precautions

Safety data sheet must be read and understood before use. Highly flammable- keep away from open flames and other ignition sources.
